PRESIDENT'S MESSAGE

FEBRUARY 2019

Greetings to All,

We made it through the effects of the polar vortex, had a brief thaw, learned that our groundhogs predict an early spring, and are quickly moving on to the hearts and flowers of Valentine's Day. 2019 is really coming at us!

But first, let's offer a sincere thank you to the 2018 board members who saw us through another active year. Their service to the club is greatly appreciated. And I'd especially like to thank the 2019 board members for volunteering, both those who have continued from past board years and those who are new. While we all lend a hand when we can, board members take on the lion's share of the work needed to sustain the club. I'm grateful to be serving with them.

The Board recently had its first meeting of 2019 and it's shaping up to be a great year. New events are being planned by the events committee. Some decisions have been made to keep the club on sound financial footing - for details, see related articles elsewhere in this issue of the Chronicle. In addition, we are discussing ideas to increase the club's visibility.

This year, we will celebrate the 23rd anniversary of the club's founding and that's a milestone we can all be proud of. Thank you for being an integral part of the club's success and please consider volunteering when you have an opportunity. As always, if you have ideas or suggestions, please pass them along to any board member.

See you soon,

Connie Frazier

JOHN WARD**

2019 FINANCIAL UPDATE

by Connie Frazier

On January 24th, BBB officers met to review responsibilities and make plans for 2019. We welcomed newcomers to the board, Solveig Maschke (Vice President) and Charlie Gall (Secretary). We also developed a budget for 2019 after reviewing yearly financials and cash balances for 2013 through 2018. Based on that information, the board has decided to discontinue paying a portion of members' Christmas party meals as of 2019.

Some history: By 2008, the club had accumulated a healthy fund balance and board members decided that it was larger than necessary. Looking for a way to spend down some of the balance, encourage member participation, and benefit members, the board decided to subsidize members' meals at the annual Christmas party. From 2008 through 2010, the club paid \$5 of each person's meal cost and from 2011 through 2018, the club paid \$10 of each person's meal cost. The club's cash balance has now been reduced to an amount roughly equal to one year's expenses, which provides a cushion for cash flow and the unexpected. For 2019, the board has approved a balanced budget.

CLUB CALENDAR UPDATE

by Connie Frazier

For the past six years, David Brickman has spearheaded the production and distribution of the annual club calendar. He has indicated that the time has come to pass the torch. We are very grateful for the skill and dedication he has put into this project. David, please know that many smiles and great memories have been generated as we flip the calendar page each month!

In order for club calendars to continue, we will need a volunteer to take on the project. David has graciously offered to pass along information on the process he used. If you are interested, please contact any board member.

For the last few years, calendars have been provided by the club at no charge. Based on the board's review of BBB financials, the 2020 calendar will be sold on a cost recovery basis.

THE FEBRUARY VALENTINE DINE

Larry and Marsha Eils, Hosts

Our February Dine will be at the Ciao Bella Ristorante in Loves Park. We will be gathering Wednesday, February 13th one day before Valentine's Day. What could be more fitting than dining at an Italian ristorante the day before Valentine's Day surrounded by members of the BBB Car Club? Let us hope the very cold weather will have gone and more seasonable weather returns.

Our reservations are set for 6:00 p.m. The ristorante is located at 6500 E Riverside Blvd. In Loves Park. The entrance to their parking lot is off Carson Pass.

Please RSVP by Tuesday evening, February 12th, if you are planning to attend. Call or text us at 815-382-3547 or email to rpeonygarden@gmail.com with your name and how many will be attending.

Valentine's Day dates back to the 14th century. We would like to share with you a short poem.

"Love doesn't make the world go around – but it makes the ride worthwhile"

JANUARY DINE ENJOYED BY MANY BBB MEMBERS

by Roxann & Rich Cannistra

On January 9th Bruce and Phyllis Beneditz hosted the first dine of the new year at Tavern on Clark. Unlike last year the crisp clear January weather was smiling on us and the BBB turnout filled two large tables. Although the restaurant was very busy when we arrived they were quite well prepared for us and provided excellent service.

Club members enjoyed visiting and reminiscing about the recent holidays as well as talking over plans for the upcoming driving season.

The excellent food and service was enjoyed by all and everyone left satisfied, and hopeful the February weather would be equally as cooperative.

DID - U - KNOW
by Facia Nearside

By the mid-1930s it was becoming obvious that war was once again on the horizon. The British government realized expertise within the motor industry was the key to turning out the complex machines that would be needed for the war effort. In a bold and innovative plan to maximize this production capability, the Shadow Factory Programme was formed.

The term "shadow factory" had nothing to do with secrecy. It described duplicated facilities in the shadow of their similar motor industry operation and under direct control of the parent company. During the first phase of the project in 1936 & 37 new factories were built beside existing ones. This facilitated sharing manpower and knowledge as well as making use of existing supply networks. During the second phase in 1938 & 39 building locations were farther from existing industrial centers to reduce vulnerability.

In a move which seems counterintuitive, German dignitaries were actually given tours of the shadow factories before the war. This was intended to be a deterrent by showing how well the country was prepared against attack.

There was no doubt the Shadow Factory Programme was an important piece of the puzzle in winning the war. What might not be as obvious is the role it played in kick starting the British auto industry at war's end. Modern tools along with automated production had been key to realizing required goals for the war effort. Now this was all available in large modern facilities for automobile production. Although most shadow factories are long gone or converted to other uses, some still exist. The Solihull Shadow Factory, which built Bristol aircraft engines, is now the center of aluminium body technology for Land Rover, and the Castle Bromwich Aircraft Factory, which turned out thousands of Spitfires, now produces Jaguar Sports Cars.

Subject: Best friends and British cars
Date: 2019-02-01 15:21
From: David Stuursma
<stuursmad@MossMotors.com>

I have a special request for British car clubs.

I'm working on the summer issue of the Moss Motoring magazine. There are a series of stories in it about the friendships that have developed thanks to these little cars. The stories are wonderful and I am hoping to find a photograph for the cover of the magazine that captures this friendship theme just perfectly. Who better to ask for help than the clubs where many of these friendships start?

If it's not too much to ask, could you please ask your members if they have a special photograph they could email to me that displays really well an important friendship in their life? And, of course, there should be a British sports car in the scene, too. The photo needs to have good clarity and high resolution (file size more than 1MB) to work well as the cover. It should also be in portrait orientation. In my mind I'm seeing a scene of two people working on a car, but I can imagine other scenes working equally well.

Please also include a paragraph or two talking about the friendship in the photo. If, when you're writing you can't help but go long, don't worry. I'm sure I'll enjoy the story!

If I'm able to choose your photo for the cover, I will credit your Moss account \$200. And if your friend in the photo is also a Moss customer, I will add \$200 to their account, too! If you want, we can keep this a surprise for them. :)

Deadline for submitting a photo is February 25. Please send photos and stories to editor@mossmotors.com.

Thank you so much for your help!

Sincerely,
David Stuursma
Moss Motoring editor

JAKE JAQUET & GRANDSON

Jake and Donna Jaquet for many years hosted "Potato Fest" at their home south of Byron. We long time BBB members remember many a fun day at this annual event.

Who wouldn't enjoy the huge picnic spread; the bocce ball games, potato gun shoots complete with cardboard cars; their swimming pool, and of coarse rides on a hayrack pulled by this tractor? You can see how much their grandson enjoyed those rides with grandpa. Our many thanks to Donna for the photo, and for the many wonderful memories!

These are the solutions to the puzzles located on page 12.
