President's Message

June 2016

With Memorial Day behind us there is no disputing that it is now summertime. I hope part of enjoying your holiday weekend included remembering why our country has set this day aside. For those on the recent outing to Cantigny there were some sobering reminders in the First Division Museum.

Although many of us live in this part of the country by choice, that fact seems to fly in the face of our British car hobby. While the weather just got warm enough for top down motoring, in only 13 weeks it will be Labor Day weekend! These are the days that we wait all year for, to enjoy being driving enthusiasts.

The May drive to Cantigny was well attended and a great start for our driving season. Looking ahead at the BBB calendar of events, it is obvious that Bruce Beneditz, with the help of other club members, has put together a fantastic schedule for our summer enjoyment. Now is the time to go out and participate.

See you on the road,

Rich

End of Business Meeting

20TH YEAR ANNIVERSARY CELEBRATION FOR BRITISH BOOTS & BONNETS

President, Rich Cannistra opened the celebration by giving a description of how the club actually got its start 20 years ago. In 1995 Marv Proctor realized that there were several people who worked with him at the Sunstrand Company that had an interest in British Cars. So he and his friend, Orrie Nelson decided to hold a meeting to see how much interest there would be. They placed an announcement in the newspaper, saying the June meeting would be held at the Rathskeller, and everyone was welcome. They ended up with a near-overflowing capacity crowd – 32 people showed up for the meeting.

They held a second meeting in July at the same location, but then decided they needed to look for a larger meeting place for the next month. They also decided on the name “Boots and Bonnets Chronicle” for their club newsletter. In August the meeting location was moved to “Lumpys”. They also had a contest for club members to create a club logo. In September, the winning logo was chosen – it was the one created by Marv Proctor – and that is the same logo that is still being used today. In October they closed out the season with a Tune-down picnic and participation in the Turkey Testicle Festival.

Several charter members of the club volunteered to stand up and tell a little bit about how they got involved with the club back in its beginning days.

1. **Marv Proctor** talked about how the club first started. He was not only the one who came up with the idea, but also the first club President.
2. **Rick Hamaker** talked about when he and Sandy first joined the club. He told a story about how the Club got its name.
3. **Hal Zenisek** talked about the first car show the club hosted, in 1999. It was held in the YMCA parking lot with 15 cars attending. (The last car show the club hosted was held at the Poplar Grove Airport, with 140-150 cars attending).
4. **Jim Roberts** : a charter member, has had eleven British cars over the years. He hold a story about how he got his first one.
5. **Carol Eggleston**: also a charter member with her husband, Ed. Told a couple humorous stories about their 1952 MG road trip, How the Burnt Piston Award came to be named for Ed, and how they acquired their "Princess".
6. **Lewis Moon**: was an early member with his wife, Delores. They joined eighteen years ago with their 1970 MGB that Delores gave him for their 50th wedding anniversary. He talked about what makes this club so special.
7. **Connie Frazier**: charter member – talked about remembering club members who are no longer with us.

Larry Eils gave each member present at the celebration a Power Bank (car charger for electronics) as a commemorative gift. It was engraved with "British Boots & Bonnets : Celebrating 20 Years of Driving!"

We had two beautifully decorated cakes for everyone to enjoy, but first, a picture of all the charter members was taken, standing around the cake.

The meeting was adjourned at 8:20 p.m.

Respectfully submitted, Marna Grosenick, Secretary

CLUB CELEBRATES 20TH ANNIVERSARY

By Larry Eils

Our May meeting was a celebration of the Club's 20th Anniversary. After holding an abbreviated business meeting, President Richard Cannistra began the celebration with a brief review of how the club started. Please note, this is a very short synopsis of the information presented by Rich.

Marv Proctor, a British car enthusiast, placed an ad in the Rockford Register Star asking anyone with an interest in British cars to meet at the Der Rathskeller Restaurant on a Wednesday in May. Much to Marv's surprise a large group of people showed up. At the end of the meeting 38 memberships were recorded and the club was born. One month later a second meeting was held and the club's name was chosen from a number of suggestions from an even bigger turn out than the first meeting. At the September meeting a contest was held to pick a club logo using the new club name. There were 11 entries submitted. After a lot of voting, 3 entries were chosen for the members to select one to be the club logo. The 10th entry designed by Marv Proctor and Ron Linderwell was voted the winner.

Rich then asked if any of the club members who were present at the first or second meeting wanted to say a few words about the club. We heard from Marv Proctor, Lew Moon, Rick Hamaker, Hal Zenisek, Connie Frazier, Richard Roberts and Carol Eggleston. Nancy Kuhnau spoke about leading the club's first long weekend drive.

As part of the celebration, club members were given a gift to commemorate this special event; a portable Power Bank. This is a portable battery charger for cell phones to be used when your phone battery is going dead and there is no place to plug your phone into a charger. For those who were unable to attend the May meeting, your gift will be available for pick up at the June and July meetings.

To end the celebration, everyone enjoyed a piece of delicious cake that was decorated with the Union Jack and the inscription "Celebrating 20 Years of Driving." See you at the 25th anniversary.

Frankie's

MAY DRIVE & DINE EVENT

by Don & Marna Grosenick

Although we were well into the month of May, and it should have been a nice warm spring evening, our May Drive and Dine turned out to be a cool and drizzly ride instead. However, that did not dampen the spirits of the seventeen hearty BBB members who made the trek to Janesville to enjoy dinner at "Frankies Supper Club".

This was a return visit to Frankies, where we were welcomed by Jim Elsberry, the owner and Chef. The restaurant has a "Rat Pack" theme, and there were signs of Frank Sinatra, Dean Martin, and Sammy Davis Jr. all over the restaurant. We listened to their music in the background as we all enjoyed the typical "Wisconsin Steak House" menu. Many of those attending chose the Wednesday night Fish Fry, and declared it "very good". I think everyone had a good time, enjoyed good conversation, and went home with a very full stomach.

MAY TUNE UP & PICNIC SURVIVED THE COLD WEATHER

by Lynda Vickery

Weather for the day of the BBB tune up and picnic didn't look promising. We finally relented on Friday and set up the garage for eating our picnic the next day. And it was a good decision because it was really cold and windy. Fortunately, there was no rain!

Fifteen members came laden with food, and there were 4 cars up on the lift for inspections, tweaks, and fresh oil. Cars now ready to face the Club's busy driving season.

As usual, everyone relaxed with a lunch of brats, hamburgers, and of course everyone's delicious contribution of a dish to pass.

BBB MAY DRIVE

by Rich and Roxann Cannistra

Armed Forces Day was a beautiful day for a drive, a fact not lost upon the 16 BBBers who traveled to Cantigny Park. Not only favorable weather but light traffic as well made the trip to Wheaton, IL easy and enjoyable.

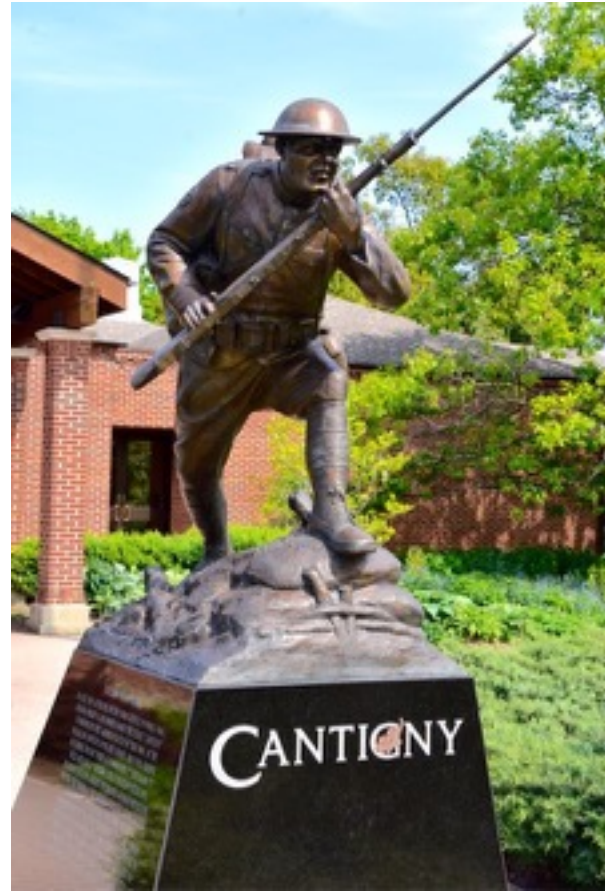

Our first stop at Cantigny was in the visitors' center for an introductory movie and a chance to grab another cup of coffee. A short stroll through the beautiful grounds then took us to the Robert R. McCormick Museum for our private tour. What is today the mansion/museum began as a farm house in 1896. Extensively remodeled in 1936, it was the home of Chicago Tribune publisher Robert McCormick until his death in 1955. Our very knowledgeable tour guide made the house come alive with interesting facts and stories.

Lunch in LeJardin Restaurant was followed by a self-guided tour of the First Division Museum. The "Big Red One" has been a famous part of the Army's fighting force since the Revolutionary War, a tradition that still continues today. When Lt. Col. McCormick served with the First Division in WWI he was impressed with its history and pride. This museum is testament to his dedication to preserve that history.

Upon departing Cantigny Park we retraced our steps westbound and stopped at the Acquaviva Winery to relax and refresh. The gift shop with its wine bar was the perfect location for a break from our busy day. Then it was on to Sycamore, IL for dinner at Nat's on Maple. Once again wine was the theme as their "wine room" had been reserved for our group's enjoyment. As Nat's is known for, the food was top notch and plentiful.

With the sun getting low in the sky, everyone said their goodbyes and headed for home. It was an interesting and enjoyable day, and a great kick-off to the driving season.

DID - U - KNOW by Facia Nearside

While Johnny Cash and his "One piece at a time Cadillac" may make you smile, Louie's 1947 Cadillac was "no laughing matter". Louis Mattar dreamed of long distance driving without the need to stop for, well... anything! Not one to let such an important idea lie, Louie began modifying his 47 Caddy shortly after purchasing it. Five years and \$75,000 later it was a masterpiece of ingenuity.

Mattar's Cadillac could change the oil and refill the radiator while driving. It could also add air to its tires or even change a tire while underway through the use of hydraulic jacks, rollers, and a slide out work platform. Need a tune up or other maintenance, no problem. The bonnet had clear panels inserted so it could be opened while moving and the driver could still see to drive. Since non-stop meant not even for refueling, the car pulled a trailer which carried 230 gallons of gasoline and 15 gallons of oil. The trailer could be refilled on the go as well.

All of these enhancements for the vehicle would have been for naught if the driver needed to stop so this is where Louie did his best work. His car had a stove, refrigerator, TV, washing machine, kitchen sink, medicine cabinet, shower, ironing board, telephone, and of course a toilet. The car carried 50 gallons of water and the trailer an additional 30.

Did it work? No doubt there were sceptics but to put that to rest Louie and two others drove from San Diego to New York AND BACK, nonstop in 1952. The 6320 mile round trip took 7 days with 3 on-the-go refuelings. Two years later they drove from Anchorage to Mexico City, this time covering 7482 nonstop miles.

Louis Mattar is no longer with us but his 1947 Cadillac is on display at the San Diego Auto Museum. As for that ironing board, history does not record if Mrs. Mattar requested it or Louie just wanted to give her something to do on their long journeys.
